Working Sector

**Disaster
Management**

Achievement

The prime objective of this Disaster Response and Risk Reduction project initiated by ATSWA Trust is that the infected/affected people will be given trauma care, counseling to have best quick resilience time from the shock and disbelief they are undergoing due to any disaster you name. To select volunteers of all age groups, then train them with awareness programs on disasters and rescue mechanisms, then give them ToT training to have increased knowledge in disaster, then form a rescue team,

Best Practices

We are pleased to report significant progress in achieving our set targets, outputs, and outcomes through effective awareness and training programs focused on disaster preparedness, fire safety, first aid, and safety measures. So far, the project has provided awareness and training to 37 villages, involving diverse groups across the community. We have focused on forming a Disaster Management Team by identifying and equipping willing volunteers from various age group including children, youth,

Year

2025**Education & Literacy**

Achievement

Completed 1 st Phase of sensitizing 600 AG, 100 Boys, and Stakeholders Sensitization. The proposed Adolescent Health and Wellbeing Program aims to address the pressing needs of underserved communities residing in the coastal regions of Pulicat Lake, specifically targeting the Minjur block in Tamil Nadu. Led by ATSWA Trust, a dedicated organization committed to empowering marginalized communities, this initiative seeks to alleviate poverty, promote economic empowerment, and foster social justice.

Best Practices

Empowering 600 Adolescent Girls in Pulicat Region Communities. The Adolescent Health and Wellbeing Program presents a holistic approach to addressing the challenges faced by adolescents in the coastal regions of Pulicat Lake. By empowering adolescents and fostering community engagement, this initiative strives to create lasting positive change, paving the way for a future characterized by resilience, prosperity, and equitable growth.

Vocational Training

Achievement

ATSWA Trust and United Way Bengaluru empowers 350 marginalized youth in Chennai and Bengaluru through vocational training. The program offers Car Auto Rickshaw Certification, Housekeeping Assistance, Delivery Service Training,

Best Practices

One of the significant challenges faced was family responsibilities, as many women struggled to balance their caregiving roles with the training program. These responsibilities often led to dropouts, as

and Tailoring anamp Aari Work, along with life skills and leadership development. This initiative aims to enhance employability, promote self sufficiency, and drive social change. The project targets 350 unemployed and unskilled youth and women from marginalized communities

participants were unable to prioritize their personal development over household duties. 2. Another challenge was travel and distance issues, particularly for participants residing in remote areas. The long commute and the timing bus to training centers made it difficult for them to attend.

Skill Development

Achievement

EmpowerHER, a skilling program by ATSWA Trust, empowers 139 marginalized women and youth in Chennai and Thiruvallur through training in Nursing, Beauty Therapy, Tailoring, and Aari Embroidery. The initiative promotes self-reliance, entrepreneurship, and sustainable livelihoods, aligned with the National Skill Development Mission.

Best Practices

This project empowers 139 marginalized women and youth in Chennai and Thiruvallur by providing vocational training, promoting financial independence, and supporting sustainable livelihoods. It bridges the gap between education and market needs, while fostering entrepreneurship and resilience for lasting impact.
